

# ANTI-BACTERIAL MASK CASE

---

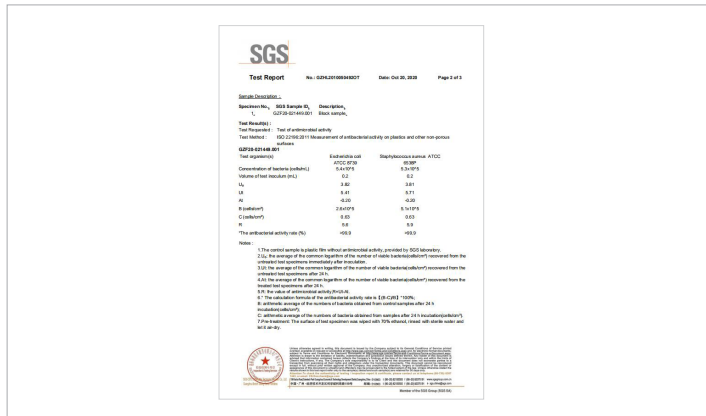

## KEEP YOUR MASK AWAY FROM GERMS

A top-selling model for mask holders, as it saves a particularly clean space in bags for masks, to prevent bacteria-attachment and cross-contamination. The smooth case surface also works for avoiding dust and water-drop. Further, it's a portable storage solution, while many people grow tired of constantly crumpling, forgetting, or searching around for masks.

# SAFE AND HYGIENIC MATERIALS

Given this particular period, and the close relation of this product to your face, it is critical to make it safe, and especially able to avoid harmful germs. To relief such concern, the case materials are produced and scientifically tested as anti-bacterial.

## ANTIBACTERIAL

Our case materials have tested to be antibacterial by SGS authority, thus effective to reduce the possibility of germ-contamination, providing your masks a more hygienic environment.

## EU & CA65 CERTIFIED

Our mask cases have passed SGS tests against lead, cadmium, PAHs, and Phthalates on EU and CA 65 regulations, proved to be safe for human body.

# PORTABLE AND ORGANIZE-FRIENDLY

This lightweight and thin case features the just-right shape and size for holding face masks, which gives a safe keeping place for your used or spare masks, and at the same time avoids burdening or messing up your bag. It'll be a reassuring and orderly experience to be able to grasp your mask easily whenever you need it.

# DESIGN DETAILS

Comes in 3 colors. Customized colors available, consult your sales representative for MOQ suits the need for different customers.

Reliable fastening clip

String hole for product display or personal safe-keeping usage.

# S U B L I M A T I O N MASK POUCH (LINEN)

---

## PRINT IT AND ADD A STYLE FOR YOUR MASK COLLECTION

Don't want a frantic search for set-aside masks, but also not into holding the same mask holder as others? Try our sublimation pouch. The sublimatable linen allows for personal image customization, making mask-using less serious and even spiced up. It's mask organizer, but it's also your daily, it can be embellished and individualized.

## FUNNY PATTERN CUSTOMIZATION

A linen mask pouch is already unique and adorable, make more fun by sublimating creative images or slogans on it! It is no longer "just another mask container", it is idea-loaded and it exclusively belongs to you.

## FLEXIBLE STORAGE

For those carrying elegant small handbag worrying bulging contents, or simply looking for holders more adaptable and friendly, the soft linen pouch is the choice. It's easy to fold and fits in bags of most sizes. Besides, the softness also makes the pouch itself flexible to carry trivial little objects. A flexible organizer that maximizes your freedom to manage bag space.

## DESIGN DETAILS

This model has integrated lots of design details to make a little pouch that's more creative, functional, and stands out from others of the type.

2-side open

Quality and cutely designed zipper

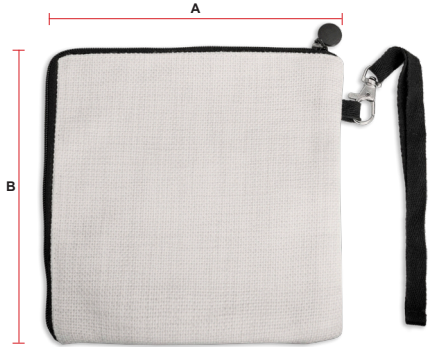

Sturdy and comfort-touch linen

Swivel clip & wristlet hanging strap
